

Lot Preparation

The applicant is responsible for preparing property for a site evaluation by an Environmental Health Specialist.

The applicant must address each of the items listed below prior to the evaluation. (Note: A separate application and site plan must be submitted for each proposed septic system/lot. An individual evaluation may encompass an area up to 3 acres in size.)

1. **Site Plan:** A site plan must be submitted with your application. The site plan must show property dimensions, the desired location and size of proposed structures (including decks, storage buildings, sheds, pools, etc.), driveways, and jurisdictional wetlands (if applicable). A sample site plan is available upon request.
2. **Property Lines:** All property lines and corners within 250 feet of the proposed house site must be clearly marked and readily identifiable. If you are proposing to subdivide property, the proposed property lines must be clearly marked.
3. **Clearing:** In order to conduct a site evaluation, the lot must be easily accessible. If fallen trees, underbrush, or other obstacles prevent free movement across the property, then clearing will be required. **Soil disturbance must be minimized during the clearing process in order to avoid removing natural soil and adversely affecting site/soil characteristics.**
4. **House/structure:** The proposed location of a house or any other structure must be marked on the property.
5. **Confirmation:** .Once all the items listed above have been completed, the applicant may contact Franklin County Environmental Health (919-496-8100) for your lot to be scheduled for evaluation. The Environmental Health Specialist assigned to evaluate your lot will give you a time of when your lot evaluation should be completed.

Important:

- If a site plan is incomplete or changes are made after the on-site evaluation, a \$50.00 revisit fee may be assessed.
- If an Environmental Health Specialist arrives at the property and a site evaluation cannot be conducted because the site has not been prepared as required, the applicant will be notified and the application placed in 'Inactive' status.
- After the site has been properly prepared, the applicant may contact Environmental Health for the application to become active again.
- A revisit fee (\$50.00) may be assessed prior to scheduling another visit to the property.

If you have any questions regarding the information listed above, please feel free to contact our office at 919-496-8100. Our office hours are Monday through Friday, from 8:00 AM to 5:00 PM.

My signature below indicates that I have read the information listed above and that the property will be prepared for an evaluation in accordance with these instructions before scheduling an evaluation. I understand that if the conditions outlined above have not been met, the application will be placed on 'Inactive' status and a \$50.00 re-visit fee may be assessed before rescheduling.
