Congressman Dave Joyce, Mayor and Mrs. Coleman at Oath of Office Ceremony - January 3, 2016

From the Desk of Mayor Coleman

FINANCIAL OVERVIEW

Earlier this year, I presented City Council with a balanced budget for the year 2016. As of the publication of this newsletter, Council members have passed an ordinance authorizing the operation of the City based upon this budget.

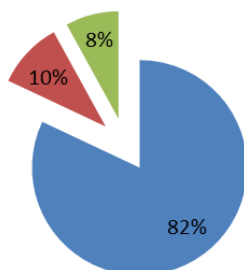

Although our General Fund revenues decreased by \$244,000 in 2015, a decrease in General Fund expenditures of approximately \$452,000 compared to 2014, allowed for an increase of \$370,000 in our General Fund balance. The main contributing factor to the reduction in General Fund revenues remains the repeal of City estate tax income by the State of Ohio. However, our operating budget remains strong and is at a surplus for 2016.

The 2016 capital expenditures will include the Highland Road Water Main Project, street repairs, funds for drainage and municipal concrete work, three new police cruisers, a new dump truck for the Service Dept., and security camera upgrades.

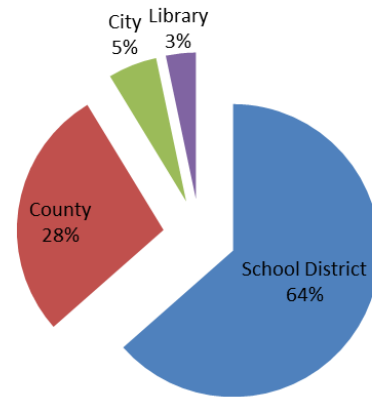

Each year our budgeting process is challenging. We are confident, however, that we will retain quality services for our residents while operating within our budget. We are very fortunate to have a diverse yet stable employer base within the city which contributes to our steady income base. The following charts illustrate the sources of our income tax revenue as well as how your property tax payments are disbursed.

Total City Income Tax Revenue by Source

- Employer Withholdings by Highland Hts. Businesses
- Individual Withholdings from Highland Hts. Residents
- Net Profit Tax from Highland Hts. Businesses

Distribution of Property Taxes Collected

OATH OF OFFICE

On January 3, 2016, the ward members of City Council and myself were sworn into office in a public ceremony at the Highland Hts. Community Center. We were fortunate to have several dignitaries in attendance to make it a memorable event. U. S. Congressman Dave Joyce, as well as, Ohio State 11th District Court of Appeals Judge Colleen O'Toole and Mentor Municipal Court Judge John Trebets were on hand to officiate.

I am looking forward to another term of working cohesively with City Council and all the Department heads and staff at City Hall to provide the very best service possible to the residents and businesses of Highland Heights.

Elected Officials and Dignitaries
January 3, 2016

As always, if you have any questions or concerns, please contact me at City Hall at 440 461-2440 or by email at scoleman@highlandhts.com.

CITY HISTORY

As Mayor of the City of Highland Heights, one of my greatest pleasures is the chance to interact with the residents of our community. As a long time resident of the city, I have had the opportunity to learn a great deal about the history of our City through these interactions. Recently, I had the honor of receiving some interesting information from one of the founding families of the City of Highland Heights. Mr. and Mrs. Frank and Edith (Strumbly) Tegal were kind enough to share a scrapbook of memories with me and my assistant, Marlene Kole, who had the pleasure of meeting and talking with them at their home on Strumbly Drive. As you may have guessed based on this information, Mrs. Tegal's family was instrumental in the development of the area on and around what is now Strumbly Drive.

Mr. and Mrs. Frank and Edith (Strumbly) Tegal

Frank Tegal and Mayor Coleman

The Strumbly story is one of hard work and perseverance. Frank E. Strumbly was born on March 27, 1889 in Skopice, Zuzemberk, Yugoslavia. He immigrated to the United States and New York, in 1906 and worked in a lumber mill. He met Johanna Pecjak and the two were married in 1912. Soon after their marriage, they moved to Euclid, OH where Mr. Strumbly entered the building trade. He built a large number of homes in the Euclid area, including his own home and a dance hall/picnic grounds at 1090 E. 222nd Street originally named "Strumbly's Picnic Grounds" and later "The Willows".

Frank and Johanna had 8 children, four boys and four girls. They lived in Euclid until they lost everything due to the Great Depression. At the time of the depression, Mr. Strumbly was building homes and had 7-8 homes under construction. Unfortunately, once these owners defaulted and money was not available to build new homes, he was no longer able to build and provide for his family in this area.

Not ones to give up easily, the Strumblys relocated to Highland Heights in 1932, where they made a living farming the land. Eventually, with the help of his sons, Frank built a new family home at 5719 Highland Road in

Edith and Raymond Strumbly posing in the windows of their Highland Rd. home while under construction.

1938. Mr. Strumbly hand cut the stone for the home, which took him over 3 years to complete. Along with building their own home, the Strumbly men built a shopping center at the corner of Highland and Miner Roads. In 1956, they began developing properties and building 44 homes, on what would become Strumbly Drive, selling in the low to mid \$30,000's.

Built and Sold By . . . FRANK E. STRUMBLY HI. 3-4479

Advertisement from the Nov. 5, 1956 Cleveland Press

One of the first homes built was for his daughter, Edith and her husband, Frank at 581 Strumbly Dr. It is in this home that Frank and Edith Tegal raised two sons and where they still live happily today after more than 61 years of marriage.

Frank E. Strumbly suffered a heart attack and died at the age of 72 while preparing to celebrate his 50th wedding anniversary. At the time of his death, all but four of the 44 total homes on Strumbly Drive were built.

City Council Commentary

CATHY MURPHY - COUNCIL PRESIDENT AND WARD 1 REPRESENTATIVE

DRONE REGULATIONS

Drones are a popular tech gift. Did you know that they have to be registered with the FAA? Owners must register drones, and other small unmanned aircraft

systems weighing more than 0.55 pounds and less than 55 pounds if they are to be flown outdoors for hobby or recreation. There is a \$5.00 fee. For more information, go to www.faa.gov/uas/registration.

COUNTY AIRPORT RUNWAY IMPROVEMENT PROJECT UPDATE

The first phase of the project is now underway. It will consist of earthwork, grading, and drainage installation and is slated to be completed by July. There will be temporary closures and delays on Richmond Road during construction, as trucks will be crossing on both sides of the road to access airport property. Be aware, this may affect traffic flow on Highland Road and Bishop Road.

EXCESSIVE AIRCRAFT NOISE COMPLAINTS

Reminder..Complaints regarding excessive noise should be directed to the Cuyahoga County Airport via email at ccairport@cuyahogacounty.us or by phone at (216) 289-4111. You must report any incidents within 72 hours.

As always, contact me with questions or ideas for our city at 440-442-0377 or by email at cmurphy@highlandhts.com.

Looking ahead... a HERITAGE HOME PROGRAM INFORMATIONAL PRESENTATION meeting will be held on Monday, June 6 at 6:30 p.m. at the Highland Hts. Community Center.

Spring is a time when everyone begins to think about home improvement projects. Through the city's partnership with the Heritage Home Program, owners of homes that are 50 years and older are eligible for FREE technical assistance on home improvement, maintenance, and repair issues. The Heritage Home Program offers free advice, personalized site visits, and access to information on local contractors.

In addition, qualified applicants have the opportunity to obtain low interest (currently 2%) loans for a variety of home projects such as, exterior and interior painting, kitchen and bath improvements, roof repair/replacement, window repair, insulation, and HVAC upgrades.

Please look for more information on the city website at www.highlandhts.com, as we get closer to the date of the meeting. No need to RSVP, just plan to stop by for information about this beneficial program.

If you cannot attend the meeting or you are anxious to start your home improvement project before the meeting, visit www.heritagehomeprogram.org, or contact the office via email at hhp@heritagehomeprogram.org, or by phone at 216-426-3116 for more information.

ANN D'AMICO - WARD 4 REPRESENTATIVE

I am happy to be re-elected to serve as your Ward 4 Council Representative for the next 4 years. I will be continuing to serve on the Drainage Committee and work to bring attention to drainage problems within our ward. This is a very important issue that all city officials are prioritizing. Please contact me with your drainage issues.

The Hillcrest Council of Councils is an organization comprised of City Council Representatives of municipalities in our near geographic area.

We meet periodically throughout the year to share information and ideas to help our cities with many challenging issues. We receive updates from various county officials and have guest speakers on problems facing communities. I am proud to be representing Highland Heights and serving as Vice-President of this organization. I will keep you informed of information and ideas from the Council of Councils. As always, please contact me with any questions or concerns you have about our City.

City Council Commentary

BOB MASTRANGELO - WARD 3 REPRESENTATIVE

As I lay in bed the other night tossing and turning since I had a deadline for this article and not a clue as to what to write about, a city snowplow came rumbling down the street. A light came on, although somewhat dim. How many miles of street are in our 5 square mile community that needs to be plowed after a snowfall? With a little digging, I found out that we have 92 lane miles of roadway. If you stretched that out, it would go from Highland Heights to Erie, PA. Upon further exploration, those 92 lane miles of roadway are valued at around \$64M.

By now you, like me, are wondering where I am going with this. In 2015, Miner Road was finally given a long overdue \$3.5M makeover. The roadway was widened to 22 feet with a 1 foot berm on both sides as well as being completely repaved in addition to major roadway drainage work that was done. When you now drive down the street you do not feel like being squeezed by the double yellow line on one side and the drainage ditch waiting to gobble up unsuspecting cars on the other. Trucks and snow plows no longer are to be feared since there is room now to both coexist.

The 4.2 lane miles of Miner Road work will cost around \$3.5M with the County throwing in \$1.0M. The City has a 5 year road improvement plan that is annually updated. With the average road life of approximately 30 years depending on use, our roads need to be constantly monitored and repaired as necessary. The repairs may only consist of a simple catch basin replacement; roadway joint replacement; overlay repair; or a complete roadway replacement. Unfortunately, available capital dollars often dictate the scope of the work to be done. In any case, this program continually monitors our roadways and prioritizes the work to be done. If you have any questions about your street, do not hesitate to call.

I would like to sincerely thank all of you for allowing me to represent you for the next 4 years. It is a responsibility that I do not take lightly. As always please do not hesitate to call or email me with your concerns and ideas at 440.442.2854 or rmastrangelo@highlandhts.com.

Now that this is done, maybe I can get a good night's sleep, until the next article is due, and hope that a proverbial wrong number, phone call does not come in the middle of the night.

LISA MARIE STICKAN - COUNCIL REPRESENTATIVE AT LARGE

2016 is off to a very busy start in the City of Highland Heights. First, I was honored to be elected as Chairman of the Highland Heights Drainage Committee. I look forward to continuing to work with the City Engineer, City Building Commissioner, Cuyahoga County and our residents for new solutions, updates and insights into any drainage issues within the city. We held our first Drainage Committee meeting of the year and we are continuing to work on our retention/detention basin cleaning program. The City Engineer inspects all retention/detention basins on a semi-annual basis. Currently we have 38 basins throughout the city limits. Also, we will continue to work with residents who were affected last summer with any drainage problems.

Second, I was honored to be re-elected as Chairman of the Safety and Service Committee. I look forward to continuing my work on that committee to ensure we preserve top notch services for our residents.

Finally, I am also a council liaison for the Commission on Aging. Seniors should be aware of the 2016 AARP Tax Assistance Program (Thursdays only), from February 18-April 7, 2016. (This is for preparation of non-business tax returns). Call Mary Velotta at: 440-461-2440 x147 to schedule an appointment. The program is free for seniors needing assistance.

City Council Commentary

CHUCK BRUNELLO - REPRESENTATIVE AT LARGE AND COMMUNITY DAY CHAIRMAN

2016 COMMUNITY DAY

The date is set, and July 23, 2016 will mark the date for the 7th Annual Community Day celebration. The festivities will once again be held in our Community Park. It has truly been a fun experience planning this event for the last six years. It is my hope that this year will at least meet, and hopefully exceed, the fun activities and entertainment provided in years past!

The Community Day Committee and I have been working on and off all year, sharing ideas as they come up, trying to ensure that this will be the best one day event around. As in the past, our top and most important priority is to keep Community Day family-oriented, and of course fun for guests of all ages. Along with many new attractions, some of our traditional events will remain such as live music, tasty food and a crowd favorite, a breathtaking fireworks display.

The next few months will be a very busy time as we work together to complete the schedule of events. Once the schedule is completed, additional information will be available on our city website and Facebook page.

If you would like to volunteer, have any thoughts or suggestions regarding Community Day, or any other city matter, please contact me anytime at 440-567-7771.

COMMUNITY PARK

With spring and summer right around the corner, look for the park to heat up as well. We are anticipating another fun-filled summer of park activities in 2016. With the 2016 Summer Sizzler already published and mailed to resident homes, we have numerous activities to offer. From baseball and softball, to day camp and tennis, or just a day at the pool, there is something for everyone to enjoy. Registration forms and online registration is available on our city website at www.highlandhts.com. I hope to see you at the park this summer!

ED HARGATE - COUNCIL REPRESENTATIVE AT LARGE

SAFETY/SERVICE COMMITTEE

For the next two years, I'll be serving on the City Council Safety/Service Committee. I have a lot of experience to offer having served as chair of the committee for 14 years. I will continue my commitment to work with the administration on providing outstanding city services. While other communities are cutting services or charging residents, we are going to be working to enhance services provided by the police, fire and service departments. I'll keep you advised of those efforts.

HILLCREST COUNCIL OF COUNCILS

I have enjoyed being the Council's program chair for the last three years. The Council is made up of council representatives from our nine member communities. We have a number of programs planned this year to continue to work with our neighboring communities to reduce costs and unnecessary duplication of equipment and services. Cuyahoga County officials will be meeting with us this summer to discuss their new plans for us to participate with them on selective contracts for equipment and supplies. We'll be particularly interested in their additional plans to assist us with resolving water and sewer problems in our community. I'll keep you advised on any developments.

Department Updates

BUILDING DEPARTMENT - DALE GRABFELDER, BUILDING COMMISSIONER

BUILDING PERMITS

It is that time of year again. The spring and summer construction season is about to begin. **Before** the start of any home repair or construction project, it is important to follow these guidelines:

1. Call the Building Dept. to see if a permit is required for the type of work or repair.
2. Check the city website under the Building Dept. to see if your contractor is registered with the city. For your protection, all contractors are required to register with the city. If you do not already have a contractor, the list will provide names and numbers for all current contractors registered with the city. Please keep in mind, this is only a list of registered contractors within the city. It is not a recommendation or endorsement of any contractor or business.
3. Once you have a contractor, and the permit has been issued, you can follow the status of the required inspections for your project on our website as well.

It is important to stress that these requirements are solely intended as protection for you as the homeowner and is appropriately stated in the following excerpt from the Ohio Board of Building Standards guidelines:

“It could easily be said that an owner’s cheapest form of ‘insurance’ is that of getting inspections made at the appropriate times during construction. Few owners are familiar enough with, or qualified to perform the variety of work necessary in a construction project....Additionally, not only does the law require owners to obtain approvals and inspections, but lending institutions and insurance companies want to protect the asset that they are funding or insuring. If a problem develops, having obtained approvals and inspections will support an owner’s claims if problems develop during and after construction.”

Occasionally, the Building Dept. receives inquiries from insurance carriers concerning the issuance of permits. If a permit was not issued, and a problem occurs, your insurance carrier may try to opt-out of a claim.

In order to assist homeowners, we recently began a process where by we not only provide the contractor with a list of the inspections required for the job, the same list is mailed to the homeowner along with a letter stating that a permit has been issued to the contractor. For your own protection, it is important that you monitor the process and ensure that your contractor requests the required inspections throughout the project.

SWALE AND DITCH INSPECTIONS

Last August, the Building Dept. started a new inspection process for all roadside ditches and rear yard swales. Inspections will continue once the weather breaks. Please make sure to check your ditches and swales, on a regular basis, to remove debris that can obstruct drainage.

In addition to inspections by the Building Dept., we were recently notified that the Cuyahoga County Fiscal Officer’s Appraisal Division will be visiting properties from now until August 2016 for new construction evaluation. All Building Dept. and County officials will carry picture identification.

NEW STAFF

The Building Dept. is pleased to welcome Joe Verbiar as the Assistant Building Commissioner. In this role, Joe has taken on the responsibilities of retired Building Inspector George Wilson, as well as other duties in order to provide quality service to the residents of our city. Joe comes with more than 20 years of experience as a state multi-certified inspector.

Please contact the Building Dept. at 440-442-7403, Monday - Friday from 7:30 a.m. until 4:30 p.m. with any questions or concerns about these or any other matters.

Department Updates

FIRE DEPARTMENT - WILLIAM TURNER, FIRE CHIEF

INFANT SLEEP SAFETY AND FIRST AID FOR NEW FAMILIES

The Highland Heights Fire Department is excited to announce a new educational course geared towards expecting or new parents, grandparents and babysitters. The course is called "Infant Sleep Safety and First Aid for a New Family". The course will be held Saturday April 16th, at 9:00 AM at the Highland Heights Fire Department.

This 3.5 hour course is an overview of recommendations for infant sleep safety to help prevent sleep related deaths for infants as outlined in the University Hospital Systems DOSE Program. The course also provides basic first aid issues that new parents, grandparents, and care takers might encounter during the first year of the baby's life. At the end of the course participants will have the opportunity to become certified in adult, child and infant CPR and AED use through the American Heart Association. **This is not a Health Care Provider course** and is meant for new or expecting parents, grandparents and babysitters to help them prepare for the safety of their new bundle of joy. Call the Highland Heights Fire Department to sign up (440) 442-7406. This course is limited to 20 participants so sign up early.

Outdoor Fires

Every spring, the Fire Department receives calls regarding outdoor fires in the City.

The practice of burning yard waste or discarded material of any type is strictly prohibited.

State and Local Codes define the types of fires allowed and the requirements for these fires.

Homeowners are allowed to have outdoor / recreational fires without prior notification to the Fire Department. Recreational fires are defined as outdoor fires utilized to cook food for human consumption. Recreational fires must be at least 25 feet from any structure and must not exceed 3 feet in diameter and 2 feet high. The use of outdoor fireplaces is also approved, but must be at least 15 feet from any structure and used per manufacturer's directions. In both cases, the fire must be constantly attended and there must be either a fire extinguisher or water hose within reach.

It is important to note that there are several exceptions to these rules. No person, lease holder, tenant, occupant or entity shall kindle or maintain a fire for the preparation of food or for any other purpose in any type of outdoor or portable grill, whether gas, charcoal or electric, upon any balcony, under any balcony/overhang, or within fifteen feet of any multi-family dwelling or business.

In addition, the homeowner may be ordered to extinguish the fire if the fire is deemed to be a nuisance by the Fire Department or if the fire is offensive or objectionable because of smoke or odor emissions or when atmospheric conditions or local circumstances make such fire hazardous.

FIRE HYDRANT MAINTENANCE

Semi-annual fire hydrant maintenance will be conducted by the Fire Department during the months of May and June. If your water should become discolored during this time, run your cold tap water until it clears. If your laundry becomes stained, please contact the Fire Department. We can provide materials for removing the stain.

Any hydrant found to be non-functional is replaced by the Cleveland Water Dept. After a hydrant is replaced, the soil around the hydrant needs to settle for several weeks prior to finish grading. Once settling has occurred, the Cleveland Water Dept., or a subcontractor, will make the final repairs to the lawn. This process can take several weeks or longer to complete.

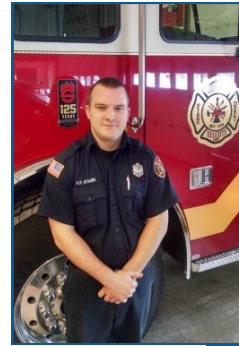

Department Updates

STAFF CHANGES

New Hire

Neil Stark was sworn in as a new full-time Fire Fighter/Paramedic on January 22, 2016. Neil comes from a fire fighter family. His brother is a fire fighter with the Cleveland Hts. Fire Department and his father recently retired from the same department. We want to wish Neil all the best as he begins his service to the residents of Highland Heights.

Firefighter/
Paramedic
Neil Stark

Promotion

On January 22, 2016, Fire Fighter/Paramedic Jeremy Smelcer was promoted to Lieutenant replacing Lt. Roy Ruthenberg who recently retired from the department. Jeremy began his career with the Highland Heights Fire Department in September 2004 and has done an outstanding job within the department and for the residents of our city. In addition to his duties as a fire fighter/paramedic, Jeremy is also a member of the Hillcrest Technical Rescue Team. Congratulations to Jeremy on this well deserved promotion.

Lt. Jeremy Smelcer
sworn in by
Mayor Coleman on
January 22, 2016.

Retirement

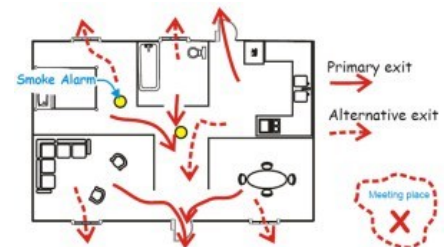

After 25 years of service to the City of Highland Heights and its residents, Lt. Roy Ruthenberg retired on January 23, 2016. Roy was hired on January 7, 1991, and was a dedicated and trusted employee throughout his career. During his tenure with the fire department, Roy was in charge of training for 15 years, and was a department operations officer upon his retirement. We wish Roy all the best for a healthy and happy retirement.

Retired Lt. Roy
Ruthenberg

Home Fire Escape Planning

1. **Know at least two ways out** from every room or space in your home.
2. **Crawl low in smoke.** Smoke rises so the air near the floor will be clearer. It will be easier to see and breathe near the floor.
3. **Feel doors before opening them.** If the door is hot, do not open it. If the door is cool, stay low as you open it. There still may be heat, smoke or fire on the other side.
4. **Leave immediately.** Don't stop for anything. No possessions are worth your life.
5. If you cannot leave a room, make sure the door is closed and go to the window. Open it or break it out and exit if you can. If you can't exit the window because it's too high, use a bed sheet, towel, etc. to wave and yell to attract attention. If necessary, use towels, clothing, pillows, etc. to block smoke coming through door cracks or vents.
6. **Have a family meeting place outside.** Count to ensure everyone is out safely.
7. **Once you are out, stay out.** Never go back inside for anyone or anything.
8. **Call the fire department** once you are out safely. The emergency number is 911. Call from a neighbor's home or a cell phone.

Additional Tips:

- Practice your escape plan at least once a year. Try different ways out. Try it with your eyes closed or in the dark.
- Consider an escape ladder for windows too high to jump from. They are available at local hardware stores.
- Consider and plan for family members with special needs. The fire department can assist you in your escape planning.

Department Updates

POLICE DEPARTMENT
JAMES COOK, POLICE CHIEF

Emergency Number: 9-1-1 or 440-442-1221
Non-Emergency Number: 440-442-8825

MOTHERS AGAINST DRUNK DRIVING (MADD)

On November 19, 2015, Patrolman Brian McCallister was presented with the MADD 2015 Award of Excellence in Cleveland. Since Officer McCallister has been with our Department, he has become our top OVI (Operating a Vehicle Impaired) enforcer by being proactive at locating and apprehending OVI drivers. He also leads the Department in overall traffic enforcement, motivating other officers regarding traffic safety.

AAA GOLD AWARD

For the third year in a row, Highland Heights has been awarded the Gold Award by the AAA East Central Community Traffic Safety Committee. This award was presented as a result of our efforts toward making our streets safer through reduced traffic and pedestrian accidents, traffic safety promotions and educating the public on safety topics.

Lt. Dennis Matejcic
Accepting the AAA
Gold Award

RETIREMENT

Patrolman Mark Joseph retired from the Police Department on November 14, 2015, after serving the city and its residents for 33 years. Throughout his career, Mark served as a Patrol Officer, Detective and Sergeant, as well as assignments as the department armorer and range instructor, officer in charge of the alcohol testing and simulator equipment and processing impounded, towed and seized vehicles. We wish Mark the best in his retirement.

Lt. Dennis Matejcic,
Retired Officer Mark
Joseph and Chief
James Cook

NEW POLICE OFFICER

Kathleen Cox was appointed to the position of Patrol Officer on January 10, 2016. Prior to this appointment, Officer Cox was a Part-Time officer and Dispatcher with the Highland Heights Police Department since 2014. Kathleen is a graduate of Youngstown State University with a B.S. in Criminal Justice and a graduate of the Cleveland Heights Police Academy where she was the Vice-President of her class.

Oath of Office
Mayor Coleman and
Officer Kathleen Cox

COMMUNITY POLICING INITIATIVE

While patrolling the streets and neighborhoods of our City, officers are not only looking for suspicious activity, they are also on the lookout for situations that may invite criminal activity. If an officer observes a condition that could present a potential problem from a safety and/or crime prevention perspective, such as an open garage door, unlocked vehicles, property left in open view, etc., as a courtesy, they will leave a bright orange card as notification of a potential problem. We believe this added service can help prevent a crime before it occurs.

Department Updates

LANDSCAPING CONTRACTORS

A reminder to all residents that permits are required for any person, firm or corporation conducting landscaping services in the City. Prior to receiving a permit, the applicant must furnish the make, model and serial number of any vehicle to be used, along with the name, address and phone number of the owner and operator. Each applicant is also required to furnish proof of insurance. Applications for Landscaping Permits are issued by the Police Department. For your protection, please check with your contractor to ensure they are registered with the City.

ALARM BOARD SERVICE

The City of Highland Heights allows residents and businesses to connect fire or security alarms directly to our police and fire communications center for 24/7 monitoring. Our 24-hour Communications Center has the ability to monitor residential and business security systems. If you have a fire and/or intrusion security system, we can monitor burglary, panic and fire alarms directly without having the alarms go through a third party alarm company. This service may not only save you money, but also valuable time in the event of an emergency when time is critical. The cost is minimal at \$180.00 per year with a one-time \$120.00 connection fee.

CARE CALL PROGRAM

The Highland Heights Police Department offers FREE scheduled phone calls to residents living alone within the city. If requested, our Department will conduct scheduled health and welfare checks on residents who may need assistance due to illness, age, disability, or any other medical need. At a predetermined day and time, personnel will call any resident that signs up for the service to ensure that they are safe and secure. If they cannot be reached by phone, one of our officers will personally check on the resident.

RESIDENTS WITH SPECIAL NEEDS

Our communications personnel within the Dispatch Center have the capability to immediately access pertinent information from our CAD (Computer

Aided Dispatch) System about a residence prior to sending safety personnel to your home. Valuable information that could assist our officers prior to a response, would be, a disability, illness, hearing or speech loss, or any situation that may require special medical equipment. However, in order for us to have this information, it must be provided to our department by our residents. Information may be provided over the phone by calling the Police Dept. at 440-442-8825, or if you prefer, we can send an officer to your home to assess your special need. Information provided is confidential and secure for safety forces personnel only. This valuable information can assist officers and paramedics in providing immediate and appropriate care in an emergency situation.

SCAMS, PHONE HARASSMENT, SOLICITATIONS

Residents often report receiving phone calls offering prize money or even calls claiming to be from the IRS or representing other entities requesting payment, or money that is owed. These types of calls are scams intended to swindle money from unsuspecting victims. Anytime you have any doubt as to whether a phone call is legitimate, immediately hang up and contact the Police Department. We are here to provide a service and would rather stop a scam before it occurs.

In addition, hang up immediately if anyone threatens you with arrest or with a visit by the police if you don't pay them. The Police Department never gets involved with collecting money, and this is always a scam.

Recently, the IRS issued a consumer alert to provide taxpayers with information on protecting themselves from scam artists. Visit the IRS website at IRS.gov or call 1-800-366-4484 for additional information or to report a scam.

Finally, and most importantly, **NEVER** give your Social Security number, bank account(s) information or credit card number to anyone that calls you. Never send cash, check or money order to anyone that calls you, even if you think you know them, without first checking with the Police Dept.

Department Updates

SERVICE DEPARTMENT - THOM EVANS, SERVICE DIRECTOR

BRUSH COLLECTION (April 1 - June 30)

The Service Dept. will be providing spring brush collection from April 1 through June 30. Residents are asked to observe the following guidelines:

- Collections will be Monday - Friday between 8:00 a.m. and 4:00 p.m. Residents are asked to contact the Service Dept. at 440-461-7266 in advance to schedule a pick-up.
- Branches can be of any length and need not be bundled; however, because the material is loaded by hand, and due to equipment limitations, the size of the branches accepted will be limited to a maximum of 8" in diameter.
- Root stumps up to a maximum of 60 lbs. may be placed at the curb for collection. Larger stumps should be ground in place or disposed of by a private contractor.
- To expedite collection, please place all materials on your tree lawn facing in the same direction, preferably with the base of the branch placed downstream to the flow of traffic.

Beyond the scheduled program collection dates, brush should be tied and bundled in 4 ft. lengths for collection by our rubbish contractor year round or by special arrangement, with the Service Dept. as time allows. Please contact the Service Department for more information.

HOUSEHOLD HAZARDOUS WASTE ROUND-UP

(March 14 - 26)

(June 13 - 25)

(Sept. 12 - 24)

Participate In Your Local Household Hazardous Waste Roundups

The City will once again be conducting a household hazardous waste collection program in cooperation with the Cuyahoga County Solid Waste District. Residents wishing to participate in the program may bring unwanted pesticides, household chemicals, and oil-based paints to the Service Dept. between the hours of 8:00 a.m. and 3:30 p.m., Mon.-Fri., during any of the scheduled dates. There will also be a scheduled Saturday drop-off date during each of the round-ups on Sat., March 26, June 25, and Sept. 24 from 9:00 a.m. until noon.

Latex paint will not be accepted. Latex paint is not considered hazardous waste. It should be dried and disposed of in a solid state. For further information, contact the Service Dept. or visit our website at www.highlandhts.com or contact the Cuyahoga County Solid Waste District at 216-443-3749 or visit their website at www.cuyahogawd.org.

HOLIDAY RUBBISH COLLECTION

NO RUBBISH COLLECTION on Memorial Day, Monday May 30, 2016.

All routes will be delayed by one day during the holiday week.

The following holidays are observed by the rubbish/recycling contractor: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

COMPUTER ROUND-UP (Months of April and August)

In partnership with the Cuyahoga County Solid Waste District, the City will hold two computer roundup programs during the months of April and August. Items that can be recycled via this program are desktops, towers, laptops, monitors, keyboards and peripherals, printers, modems, tablets, e-readers, telecom devices, networking equipment, cables, cell phones, and video gaming systems.

Residents wishing to participate in the program can drop off items at the Service Department between 8:00 a.m. and 3:30 p.m. Monday through Friday during the collection months. The Service Department will package the items for delivery to the County for proper recycling and disposal.

SHRED DAYS - Saturday, May 7 and Saturday, October 15

The City will be hosting Shred Days in May and October. The events will be held on Saturday, May 7 and Oct. 15 from 9:00 a.m. until 1:00 p.m. Residents wishing to participate may drive up and drop off materials to the Service Dept. where they will be shredded on site. There is no need to remove clips or staples. Plastics are not accepted, so please place your materials in boxes or paper bags.

Department Updates

PROJECT UPDATES

MINER ROAD UPDATE

The Miner Road reconstruction project is nearing completion. The project which included road widening, the addition of berms, improved drainage, enclosure of deep swales, a traffic signal upgrade at Highland and Miner Roads, and the complete recycling and resurfacing of the asphalt pavement was substantially completed in late 2015. The contractor will be returning in the spring to address the completion of swale enclosures, the adjustment of drainage inlets, and grass seeding.

HIGHLAND ROAD WATER MAIN

The water main on Highland Road was originally constructed in 1955. The 16" ductile iron cement-lined pipe which not only serves Highland Road, but also acts as a distribution feed to many subdivisions, has experienced a high breakage rate in recent years.

The City Engineer is in the final stages of completing design work for a water main replacement. Public bidding of the project is anticipated in the spring. As a part of the design, the engineer is working with Dominion East Ohio Gas Co. to coordinate their gas main replacement project which is also expected to take place this year.

2016 ROAD PROGRAM

City Council has authorized the City Engineer to prepare plans and specifications for the 2016 Road Program. The scope and areas of repair for this year's program are still in development. Specifications will be ready for bidding in early 2016. It is our goal to bid the project early in the spring, so that the majority of the work can be completed during the mid-summer months.

Helpful Tips to Control Utility Costs

Monitor Your Water Usage

Nearly 10% of homes have leaks wasting upwards of 90 gallons of water each day. Since your sewer bill is based on your water usage, water leaks not only increase your water bill, they increase your sewer bill as well. By creating an account on clevelandwater.com, you can easily monitor your water usage, receive leak notifications, and view your account history to look for patterns and trends. The more you know, the easier it is to control your utility costs and the sooner you'll know if something needs attention. Visit www.clevelandwater.com for more information and to create an account.

Summer Sprinkling Program

The Summer Sprinkling Program is offered by the Northeast Ohio Regional Sewer District and is applied to your sewer bill only. During the summer months, customers tend to use more water. Under this program, summer bills are based on your average winter water consumption, unless actual summer water consumption is lower. The program is in effect each year from May 1 to September 30.

To qualify for the program, you must own and occupy a one, two, three or four family residence. If you are currently enrolled in the program, it will be stated on your current sewer bill and you do not need to reapply.

To apply for the Summer Sprinkling Program, contact the Northeast Ohio Regional Sewer District's Customer Service Dept. at (216) 881-8247.

The Highland Heights Tennis
Tournament will be held July 22, 23 and
24, not June as stated in the 2016 Sum-
mer Sizzler. Registration forms will be
available at City Hall prior to the event.

LAKE ERIE STARTS HERE!

Your home is the first line of defense for the health of Lake Erie!

Rain and snow melt that runs over your property and into the storm drain goes to our waterways untreated. It brings with it stormwater pollutants such as fertilizers, pesticides, dog waste, winter road salt, oil and gas, litter, eroded soil, and so much more.

You can help be the solution to storm water pollution and contribute to the health of our Great Lake!

-  Plant a rain garden to capture and infiltrate storm water runoff.
-  Install a rain barrel and harvest water on-site to water a garden or lawn.
-  Properly maintain your car to avoid oil and gas leaks.
-  Use road salt sparingly and sensibly and sweep up extra.
-  Establish a no-mow zone around backyard streams and wetlands.
-  Pick up after your dog to avoid bacteria like E. coli washing into storm drains.
-  Remove some turf grass and replace with native plants.
-  Wash your car on the lawn or take it to a commercial car wash.

For more information, contact us at 216/524-6580 or visit our website at www.cuyahogaswcd.org

SPRING SEVERE WEATHER AWARENESS WEEK is March 20 - 26, 2016

Tornado Safety Tips

Whether practicing a tornado drill, or sheltering during a warning, the Ohio Committee for Severe Weather Awareness encourages Ohioans to **DUCK!**

Use the acronym DUCK to remember these important tips:

- D** - Go **DOWN** to the lowest level of your home or business
- U** - Get **UNDER** something sturdy
- C** - **COVER** your head
- K** - **KEEP** in shelter until the storm has passed

- Take responsibility for your safety and be prepared before a watch or warning is issued. Develop a disaster plan for responding to tornado watches and warnings with household members. Conduct regular tornado drills.
- In case of severe weather, tune in to one of the following for weather information: NOAA Weather Radio, local cable television (Ohio News Network or the Weather Channel) or a local radio station.
- NOAA Weather Radio has an alerting tool available for people who are deaf or hearing impaired. Some weather radio receivers can be connected to an existing home security system, much the same as a doorbell, smoke detector or other sensor.
For additional information, visit: http://www.nws.noaa.gov/nwr/info/special_needs.html.
- The safest place to be during a tornado is a basement. If the building has no basement or cellar, go to a small room (a bathroom or closet) on the lowest level of the structure, away from windows and as close to the center of the building as possible.
- Be aware of emergency shelter plans in stores, offices and schools. If no specific shelter has been identified, move to the building's lowest level. Try to avoid areas with large glass windows, large rooms and wide-span roofs such as auditoriums, cafeterias, large hallways or shopping malls.
- If you are outside, find shelter immediately by going to the lowest level of a nearby sturdy building.
- If you are driving, pull over and park. Choose to either stay in your vehicle, stay buckled up, and duck down below the windows and cover your head with your hands, or find a depression or ditch to lay in covering your head with your hands. Never seek shelter under highway overpasses and bridges.

Despite the latest in Doppler radar, tornadoes can sometimes occur without any warning, allowing very little time to act. That is why it is important to know the basics of tornado safety and to make a safety plan for your family and co-workers. Planning ahead will lower the chance of injury or death in the event severe weather strikes.

**In conjunction with Spring Severe Weather
Awareness Week**

**A Statewide Tornado Drill will be held
Wednesday, March 23, 2016 at 9:50 a.m.**

Community News

Highland Heights Garden Club

Joining the Garden Club - It's not what you think!

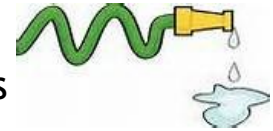

There is no age range for joining a Garden Club, but we know most people think of us as women "of a certain age!" This rings true in part because we have the ability to enjoy gardening, community service, the camaraderie of other like-minded women and the flexibility to be active and involved without our family or career suffering. Membership in our Club is a mere \$20 per year which includes membership in the Garden Club of Ohio and National Garden Clubs. We also enjoy affiliate membership with the Cleveland Botanical Garden and Holden Arboretum affording us opportunities to volunteer at programs they conduct such as CBG's GLOW Winter Holiday Show, and designing a scarecrow for the Fall Festival at Holden Arboretum.

Some other rewards go far beyond the pleasures of growing things:

- Grow your knowledge via top-notch educational programs and schools.
- Garden for a purpose with community service projects, including community beautification.
- Promote environmental causes.
- Nurture your inner artist with floral design study and flower shows.
- Learn from those with experience, and pass along your own passion and know-how to new generations of gardeners.
- Share your love of gardening and have fun!

We meet the 2nd Wednesday in the months of Feb.- June and Sept.- Dec. at 6:45 p.m. at the Highland Hts. Community Center. We'd love to have you come and try us on for size! Oh, and the Club is not exclusive to women, spouses are automatically members. For more information, call President Judy Joseph at 216-360-8305, or Membership Chair Mary at 440-460-0227. Or email us at HHGardenClub@hotmail.com. **Our club has room TO GROW! Please join us!**

COMMUNITY GARDEN NEWS

This year, we begin our fifth season in the garden. El Nino has worked in our favor for much of this winter, and hopefully, we will have an early spring and a warm and beautiful summer. In anticipation of gardening weather, we have scheduled the official opening of the Community Garden for Saturday, May 14. This should give each gardener time to amend the soil, plan their crops, and get a jump start once we are officially past the frost timetable for our area.

Much of the planning and assigning of plots happens in February and March, and the fact is that there are very few unaccounted plots as of this writing. However, if you would like to get on a waiting list, in the event a plot is available either this year or next, please send me a note via email at HHGardenClub@hotmail.com. If your organization has youth in need of service hours, please contact me.

We can always use some extra hands getting the garden ready for summer. Did you know kids eat more vegetables if they are involved in growing them? Even if you aren't able to get a community garden plot, here is a great link to grow your own pizza garden, <http://www.hgtvgardens.com/vegetable-garden/grow-a-pizza-garden>.

Highland Hts. Garden Club Annual Clean Your Attic Sale

Saturday, March 19, 2016

9:00 a.m. - 3:00 p.m.

(Free and open to the public)

Highland Hts. Community Center

Tables are 6' long. If you are interested in a table, please contact Corky Mondello at 440-449-3584.

The Mayfield Branch of Cuyahoga County Public Library, 500 SOM Center Rd. is offering the following spring programs.

Visit www.cuyahogalibrary.org or phone 440.473.0350 to register.

Thursday, March 31, 2016 7 PM - Clothes Mentor Mayfield explains how resale shops can put you into the latest styles and help you clean out your closet for cash.

Tuesday, April 19, 2016 7 PM - Native plants can match cultivated plants in beauty while often surpassing them in resistance to insects and disease. Join a **Master Gardener** to learn more.

Tuesday, May 10, 2016 7 PM - Come see **Hip to That**, a four piece jazz band, as they swing the socks off the library. Playing jazz standards, crossover charts, and even a few pop tunes.

Seniors Scoop

COMMUNITY PARTNERSHIP ON AGING - STACEY O'BRIEN, DIRECTOR - (216) 291-3902

Are you, a friend, a neighbor, or a relative in need of assistance?

Call the Community Partnership on Aging to see if we can help! CPA social workers can offer resources on benefits, support in adjusting to an illness, or other life changes, transportation, home health needs, homemaker services and more. Call 216-291-3902 for information or to schedule an appointment.

Accepting Applications

A **limited** number of older residents may have the opportunity for **complex painting and repair jobs** (interior or exterior) or **extensive landscaping** during the summer months. These projects, conducted by volunteers, will be chosen according to priority and financial need. Outreach/Social Workers will first meet with individuals requesting assistance. Please contact **Corinne Dunn, Volunteer Coordinator**, at **216-291-3902** for more information about submitting a request. Applications are **due by Friday, April 15**.

AARP Driver Safety Class

Refresh your driving skills and learn the new rules of the road! Two classes are offered at the Ross C. DeJohn Community Center in 2016 (sign up for one):

- Wednesday, March 23 or
- Wednesday, September 21

The fee is \$15 per person for AARP members or \$20 for non-members (cash or check, payable to AARP). Class begins at 10:30 a.m., but you should arrive no later than 10:15 a.m. to complete paperwork. CPA will offer a hand-prepared box lunch for an additional \$5 per person. Call 216-650-4029 to make your reservation. If you would like the box lunch, you must request it when making your reservation. There is a limit of 25 people for each class.

SEASONAL COMMUNITY VOLUNTEERS NEEDED

As we approach the spring and summer months, youth and adults are urgently needed to provide a variety of volunteer services to older adults including yard clean-up, landscaping, and skilled repair jobs. If your **group or business** would like to participate, now is the time to sign-up! This is a wonderful way to give back to our elder residents and provide services which they otherwise might not be able to afford. For further information, call **Corinne Dunn, Volunteer Coordinator**, at **216-291-3902, ext. 213**.

CPA SAFE AT HOME PROGRAM for Fall Prevention and Home Safety

If you are age 60 or over and live in a single-dwelling home, call CPA to find out if you are eligible for any component of the Safe at Home Program, including:

- Free Home Environmental Assessment
- Minor Home Modification (such as installation of a shower grab bar, etc.)
- Durable Medical Equipment Loan Program

Call the Community Partnership on Aging office at 440-442-2628 for information about, or an application for, the Safe at Home Program. You can also check with your local fire department to ask about a Home Safety Inspection or Lock Box.

Hillcrest Meals on Wheels is in need of volunteers to deliver meals Monday through Friday during the hours of 11:00 a.m. and 12:30 p.m. If you have a few hours to spare at least one day a week, please consider participating in this worthwhile program!

Would you like to be a Community Partnership on Aging (CPA) Volunteer?

If so, you don't need to commit to volunteering every week. There are many opportunities throughout the year, including some special projects, which take place monthly or quarterly. These might include distributing newsletters, making phone calls, teaching a one-time or ongoing class, providing clerical assistance, or sharing a special interest or talent. The satisfaction you will receive in return will be matched by the individuals you are assisting! To learn more, call Corinne Dunn, Volunteer Coordinator at 216-291-3902.

Stay up to date on all the latest Community Partnership on Aging information by visiting our website at www.communitypartnershiponaging.org or our Facebook page at facebook.com/communitypartnershiponaging.org.

FRESH GOODS TO GO

Fresh Goods to Go is a program available to income eligible older adults age 60+ and is made possible through a partnership with the greater Cleveland Food Bank, along with a dedicated group of volunteers who help administer the program each month! Distribution takes place every third Thursday at the South Euclid Community Center, 1370 Victory Dr. Reservations are required by the Wednesday of the week prior to distribution. Call 216-650-4029 to find out if you are eligible for the program and to make reservations.

"Steel Magnolias" - Saturday, July 23 matinee and lunch at the Balaton

To make reservations for a trip, please call the CPA Trip Office
Mon.-Wed. from 10:00-3:00 at 440-473-5138.

Miscellaneous Information

Highland Heights Green Task Force -Judy Dearden, President

LAND, FOOD, WATER AND US - 2016 CAMPAIGN

The 2016 Highland Heights Green Task Force's campaign is "Land, Food, Water and Us". Most of our "Green Living Speaker Series" programs for 2016 will center on this theme. We invite you to attend any or all of our programs throughout the year.

COMPOSTING

In May, there is a site visit planned for Judy Dearden's backyard for a demonstration on composting. Just think for a moment how many thousands of pounds of compost could be used to improve the health of our soil if all Cleveland property owners would simply compost their leaves, chemical free grass clippings, and plant based kitchen scraps. Also, imagine all the space that would be saved in landfills if more community residents composted their organic matter rather than putting it in trash containers. Studies show that the organic fraction of waste that ends up in the landfill can commonly make up as much as 20-40%, or even higher in some locations, of the total waste stream.

Here are some reasons to compost:

- Improves soil structure - makes it more 'friable' (i.e., gives it a crumbly texture, beneficial for root growth).
- Improves water retention in the soil, helping to keep plants healthier longer in dry conditions.
- Provides a source of slow release, organic fertilizer for your plants.

FreeCycle No money is charged for items. Bring "stuff" (no junk) to give away, and help yourself to stuff from others. This recycle event is to help decrease the amount of "usable items" that might find their way into landfills.

"E-Waste Recycle Drive" This is a recycle drive to collect items that once ran on electricity or a battery, i.e.: toaster ovens, cell phones, old power strips/surge protectors, microwaves, fans, etc. This type of drive is designed to keep these items out of the landfills, and to recycle the pieces/parts of the items. **NOTE: We cannot accept non-flat screen TVs or CRT monitors. No FREON or mercury accepted.**

Both events will be held Sunday, June 26, 2016 at the Highland Hts. Community Park - 10:00 a.m. - 3:00 p.m.

- Boosts the community of microorganisms and other creatures beneficial for enhancing nutrient uptake and fighting plant diseases such as fungus.

Check the Highland Hts. electronic message board for the time and meeting location as May approaches, or contact Judy by phone or email with any questions. It will also be listed on our website at www.highlandhtsgreen.com.

ECO FAIR

In October, the HHGTF partnered with the Mayfield Branch of the Cuyahoga County Library to host an **ECO FAIR** at the library. We had 24 environmental interest groups represented. The reps chatted with the public about plastics in our Great Lakes, toxins that get dumped into our drains, solar power, chemical free lawn care...etc. Thanks to all who participated and attended in order to bring awareness of environmental issues!

UPCOMING EVENTS:

Apr. 6 - **BIOMIMICRY EXPLAINED**, by Great Lakes Biomimicry Director Carol Thaler

May 4 - **HOW TO'S and BENEFITS of COMPOSTING** - on site, call President Judy Dearden for details

May 19 - **MOVIE and DISCUSSION NIGHT** - "Genetic Roulette"

June 1 - **GREEN BOOK CLUB**, book reports by HHGTF members, always fun and informative.

All of these events will be held at 7:00 p.m. at the Highland Hts. Community Center.

The second annual "Green Vendor, Holiday Gift Sale" was held last November with 26 vendors and more

than 130 shoppers finding great environmentally friendly products! Mark your calendar now for the next sale on Sat, Nov. 5, 2016!

Please visit our website at: www.highlandhtsgreen.com or email Judy Dearden at HHGreenTaskForce@yahoo.com or call 440-646-9820 for more information about any of our programs.

Highland Heights Lions Club

Miscellaneous Information

The Lions Club is the largest service organization in the world with over 1.4 million members and chapters in 200 countries or territories. If you would like to donate to the Lions, attend a Lions' meeting or become a member of the Highland Heights Lions Club, please contact Frank Skala, President at 440-473-3484 or Larry Nudelman, Secretary at 440-461-2720.

The Lions Club will be selling carnations on Saturday, May 7 for Mother's Day. We will also have American flags of various sizes for sale that day for use on Memorial Day. Please look for us at our regular locations in the parking lots outside Home Depot, JT Auto, Fitworks and Mulligans. Sales and donations to the Lions Club help fund eye research, assist visually and hearing impaired individuals, and support local community projects and international natural disasters.

The Lions Club also raises funds with the sale of sturdy, high-quality trash bags that can be purchased at the Postal Annex on Wilson Mills Road and Jim's Barbershop on Bishop Road.

The Highland Hts. Lions Club would like to extend our sincere appreciation to the following donors:

Aberdeen Crossings
Councilman Chuck Brunello, Jr.
Crostatas
DiCicco & Sons Funeral Home
DiStefano's Italian Foods
Dr. Richard Cavolo D.D.S.
Marshall Carpet
McDonalds - Mayfield Hts.
NCS Financial Services

Senior Adult Residents Invited to Free Play on April 7th

Call 440.995.7222 for reservations to see "Joseph and the Amazing Technicolor Dreamcoat"

The Mayfield City Schools, The Hillcrest Rotary and The Mayfield Heights Commission on Aging will once again offer an evening out for senior adults who live in the school district to attend the Mayfield High School musical production, "Joseph & the Amazing Technicolor Dreamcoat" on Thursday, April 7th at 7 p.m.

Transportation will be provided to pick up and return groups at apartment buildings, senior adult centers, or at a central location in the school district (excluding private homes).

Admission is free to any senior adult who is a resident of our school district. Transportation on school buses is also free-of-charge.

Refreshments will be served, before and after the show, courtesy of Mayfield Schools. If you need additional information, please call 440.995.7222.

Individuals can begin calling in their reservations. Groups may also collect the names of people who will attend, and call with a total number. The deadline for tickets is Friday, April 1, 2016.
