The Office of Equity and Inclusion: A Year in Review

Amazing work, you have accomplished so much in such a short amount of time.

Monthly Finance Report

Employee and Staff would get a parking subsidy on campus for 1-year.

As we go forward, we have an accurate sense of when employees need to be on campus.

How much overhead does this use?

A lot. Meagan did the survey and worked with UWB to gather historical information. Payroll already has the burden to deduce

It might be a good idea to put a cap on the Full subsidy. We would approve up to a certain amount and then the group would come back to the Board.

The CARE team saw an uptick of 40%. This work is very important and don't want to downplay the need. But, how do we resources a new position to the campus that is not directly helping to bring students to campus. How many other options might we have?

We have a negative budget, we are pulling money out of reserves. I am really curious on a perspective of others.

Colleen is in full support, but would like to have statistical information on how helpful this is.

We provide UWB \$50,000. Students can get up to 6 counseling session, no more.

Addressing the whole person, making sure they leave here as complete a person they can be and mental health is part of that. It is critical we have seen what is going on in the country. We have an obligation to help these students.

Mike Kelly, if we pass the counselor position this year, it will be requested next year.

Mission Fulfillment Byte: Wrap up

Elizabeth Englund presented the Equity Advocate Program

Are the equity advocates separate employees?

Equity Advocates are Cascadia employees, they are people who have attended both trainings through Oregon State University and at Cascadia. They attend all aspects of the hiring process.

Alan is this a best practice for Higher Institutions?

Yes, whole heartedly support this process. Many community and technical colleges follow the OSU Model.

Gordon Dutrisac presented on Guided Pathways

Ratification of the CCCFT Collective Bargaining Agreement, 2022-2025

Most wasn't about the money, it was really that we didn't negotiate free parking. Some people also didn't vote to ratify because we didn't negotiate guaranteed health care. We can't do that anyway, per the state. We respect those no votes, but ultimately it was out of our control.

What does it say to you that the college is parking for employees is going to be free. It says a lot.

Best bargaining experience from Kerry, it was a wonderful group. It has been a pleasure completely this so collaboratively.

Trustee McDaniel made a motion to approve the CCCFT contract. Norm made a second. All in favor. Motion Passes
