Important Information About Campaign Signs

STATE LAW REQUIRES YOU TO HAVE UNDERGROUND UTILITIES MARKED BEFORE INSTALLING SIGNS

Running for office, supporting a candidate or working for or against a ballot measure? You must “know what’s below” before campaign signs go up.

Arizona law requires all underground utilities to be located and marked before any type of “excavation” – this includes the installation of campaign signs on public or private property. Contact Arizona 811 (formerly Arizona Blue Stake) at least two working days before installing signs in the ground:

- **Call 811** from anywhere in Arizona between 6 a.m. and 5 p.m. Monday-Friday (excluding state holidays)
- Click **Arizona811.com** to create a ticket anytime with the Arizona 811 E-Stake tool
- For installations at a single address (such as a home or business on a single lot) use the Single Address Ticket option on the Arizona 811 web site.

Installing any type of sign without having utilities marked in advance is a violation of A.R.S. 40-360.21-32, punishable by fines of up to \$5,000 per violation. It’s also dangerous. Knowing the location of buried lines, pipes and cables – and then carefully working around them – prevents serious injuries and protects the critical utilities we all rely on every day from damage.
